

Echuca Moama Community Enterprise

Echuca Moama Community Enterprise (EMCE), in partnership with Bendigo Bank, Bendigo Community Telco and Red Energy, is generating income to be distributed throughout the greater Echuca-Moama Community.

The Enterprise is an incorporated organisation, established by a committee of Echuca Moama business professionals, community organisations, Council representatives and individuals, who see an opportunity to help make community projects happen in Echuca Moama.

How it works

1. Utilise EMCE's partners in any of the following ways:
 - Bendigo Bank - banking
 - Bendigo Community Telco - phones and/or internet
 - Red Energy - electricity (NSW and Vic) and/or gas (Vic only)
2. **'Link' your account to EMCE**
3. Bendigo Bank, Bendigo Community Telco and Red Energy provide EMCE with a monthly earning from every account linked to EMCE
4. EMCE uses the income from these accounts to provide funding to assist community projects
5. Then help spread the word! Tell others how easy it is to make community projects happen.

In the past few years, EMCE has distributed **over \$45,000** to worthy community projects. If you are interested in finding out more about how you can help The Enterprise raise more funds for the community, by changing (or linking) your bank, phone, internet, electricity or gas accounts, please contact the appropriate person listed on page 2.
